

Information provided by

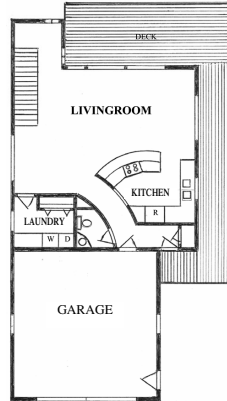

Fabulous Urban Contemporary Home

This one of a kind home, located just west of Peaceful Valley was designed and built by Nordic Construction. The house sits high above the street, allowing for spectacular views of downtown, Mt Spokane, and the north bank of the Spokane River. Built for entertaining, you can invite a crowd to enjoy the fireworks at Riverfront Park or watch the Bloomsday runners from your own spacious wrap around deck

The basement level has two large bedrooms, a bathroom, and family room. The main floor great room boasts 22foot high ceilings, lots of windows and great lighting. The gourmet kitchen features custom beech and lyptus wood cabinets, concrete countertops, stainless appliances, and a custom made hood by Nordic Construction. Enjoy the incredible view while you are cooking or relaxing at the curved eating bar. The large laundry room has ample cabinets and additional closet space. Don't miss the main floor powder room, which features curved walls, a curved vanity with a polished steel front and ground concrete counter top with stones from Glacier Park cast in the top. The top floor has a computer loft and a well designed master suite that takes full advantage of the spectacular view. Enjoy your morning coffee on the private balcony overlooking downtown and the river valley. The master bath has double sinks, a jetted tub and oversized shower. There is a spacious walk-in closet as well. This stunning contemporary home also features Ku Ku wood floors, custom made steel railings, and beautiful tile work. The attached two car garage is conveniently located, just steps from the kitchen.

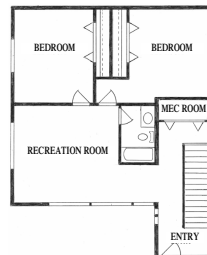

This house is located at 3415 West Pacific Avenue, and will be open today from 11:00 to 3:00. Take Sunset Blvd to Government Way and turn right. Follow Government Way to Pacific Avenue, and turn left. For more information contact Tom Thosath, Nordic Construction 448-5917 or Susie Luby, John L Scott 868-9468.
